

How do we know students are progressing academically?

We focus on **multiple measures** to track progress on the journey to **T-2-4 success for Every Child**.

SBISD is proud to be one of only **20 school districts** state-wide recently selected to participate in a pilot program to develop our own local academic accountability system. Our multiple measures strategy will be a cornerstone of this new system.

Connecting Students to T-2-4 Success

Our Goal T-2-4 for #EveryChild

Every SBISD Graduate will attain a technical certificate, military training, or a two-year or four-year degree.

SBISD will increase the number of students achieving T-2-4 from 44% to 72% by 2022.

Our Strategic Plan The Learner's Journey

At the core of the Learner's Journey is the fundamental belief that we are all unique and gifted with different skills, interests and talents. We learn in different ways, at different speeds, and need different levels of support. **We all want voice and choice in our learning.**

We acknowledge these truths on behalf of Every Child. We are responding by changing the way we teach and the way children learn - with higher engagement, more student ownership of learning and expanded opportunities to apply their learning in ways that are rigorous, challenging and encourage them to "sweat intellectually."

At the same time, we are building our analytical muscle to make better data-informed decisions. We are rethinking how we develop our staff, leverage the skills of our best educators, and expand the classroom beyond the walls of our schools. **Join us on the journey!**

#CollectiveGreatness

It's only February -- what a school year this already has been!

On November 7, our voters overwhelmingly approved an **\$898.4 million bond package** - the 7th largest in Texas history.

At the same time, our community rallied in ways that defy imagination to help those impacted by Hurricane Harvey. The **Spring Branch Education Foundation Harvey Relief Fund** has raised and distributed nearly \$1 million to support displaced families of more than 1,000 SBISD students and employees.

SBISD's State of the Schools sheds light on our work, updates you on our strategic plan, and spotlights both achievements and opportunities for continual improvement for the students we serve.

This document shares points of pride and identifies multiple measures we are using to track our success in reaching T-2-4 for Every Child.

The #CollectiveGreatness of our SBISD Family is unparalleled.
Together we are inspiring minds and shaping lives. Thank you.

Your Impact

We cannot do this work alone!

The investment of **your time, your talent or your treasure** positively impacts our students, our staff and our schools.

Together, we are creating stories of success and ensuring that **every learner** in Spring Branch ISD has an exceptional educational experience.

While we have accomplished much, there is still work to be done.

**Be a champion. Be a partner.
Be part of the story!**
