

2025 BOND PROPOSITION MAP

Scan to visit the 2025 Bond website.

Why now and why does this matter?

The average age of the facilities in the proposed bond is 58 years old.

By addressing critical needs, we are ensuring that our athletic spaces remain valuable community assets for the next 50 years—meeting SBISD and UIL standards, expanding opportunities for students and enhancing safety.

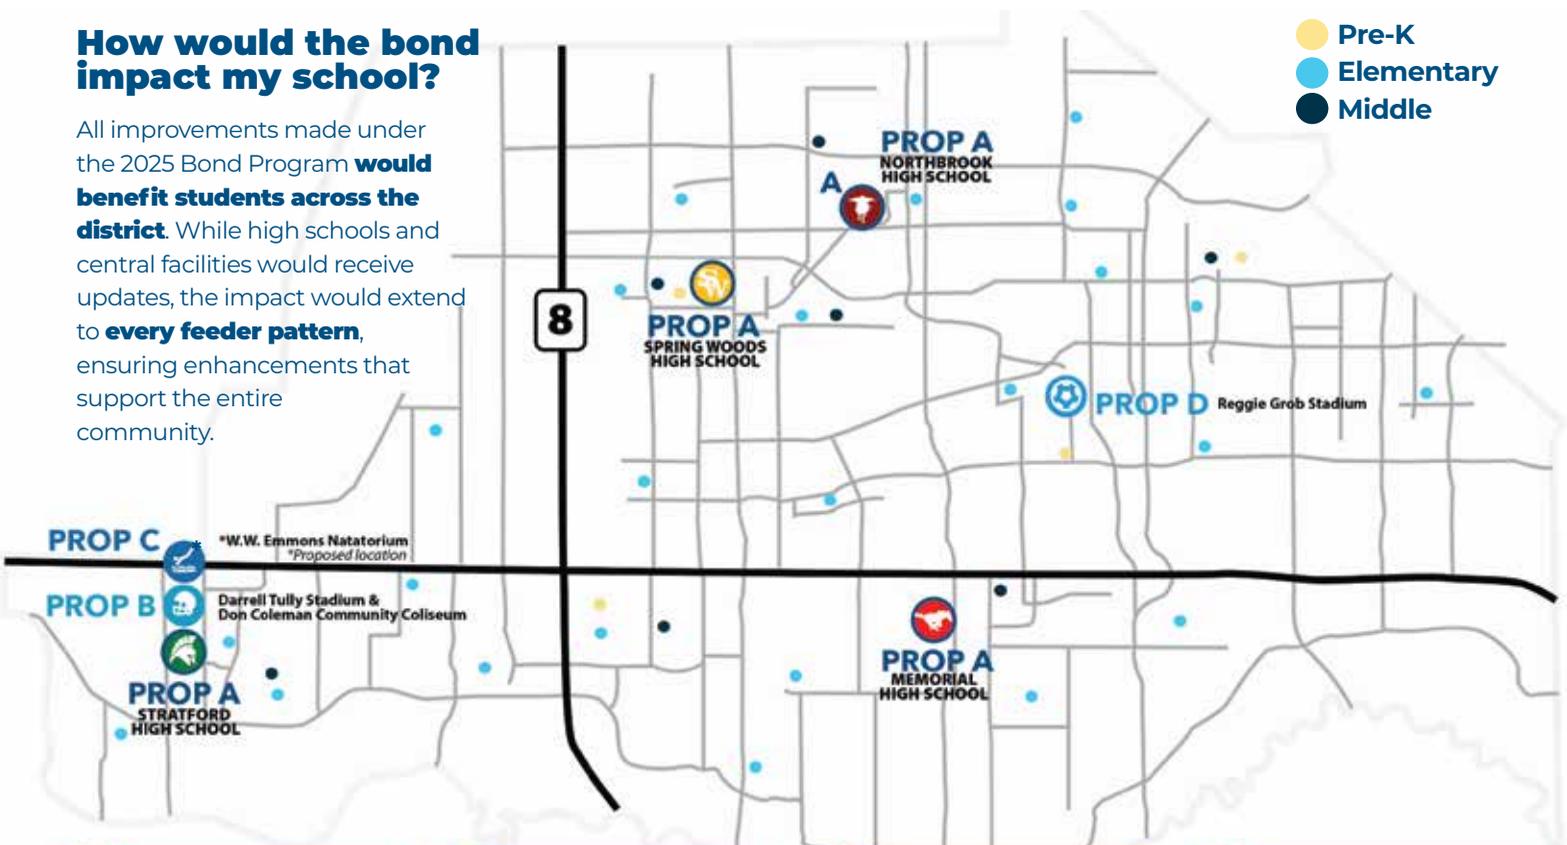

SBISD is dedicated to providing safe, modern, and high-quality spaces that support student success.

In our district, academics, athletics, and performing arts are interconnected, shaping a well-rounded education.

Our athletic facilities serve as vital spaces where students gather, practice, perform, and **build skills that drive success** in the classroom and beyond.

How would the bond impact my school?

All improvements made under the 2025 Bond Program **would benefit students across the district**. While high schools and central facilities would receive updates, the impact would extend to **every feeder pattern**, ensuring enhancements that support the entire community.

\$353,775,207
PROPOSITION A
 High Schools
 Memorial, Northbrook, Spring Woods & Stratford

\$127,935,050
PROPOSITION B
 Darrell Tully Stadium & Don Coleman Coliseum

\$76,934,535
PROPOSITION C
 W.W. Emmons Natatorium
Currently located adjacent to Spring Woods HS
 *Proposed Location: 1050 Dairy Ashford, 77079

\$72,851,468
PROPOSITION D
 Reggie Grob Stadium
